Here is our new homework grid for you to complete with your child. The tasks in red **must** be completed and the black tasks are optional.

We have also added in two wild cards, this could include: telling us about a trip you have been on, or a birthday party etc.

We really look forward to seeing the fun you will have with this homework task.

Book to be returned to school by Monday 14th February.

When the children return their books their names will be entered into a prize draw. The more activities they complete, the more chances of winning they will have.

Thank you for all of your support!
